

CITY OF LE SUEUR
REQUEST FOR COUNCIL ACTION

TO: Mayor and City Council
FROM: Richard Kucera, Public Services Director
SUBJECT: Comprehensive Water System Plan
DATE: For the City Council Meeting of Monday, May 11th, 2020

PURPOSE

SEH will present to the City Council our recommendation for the Comprehensive Water System Plan.

SUMMARY

At the July 8th, 2019 City Council meeting, the Council approved SEH to complete the Comprehensive Water Supply Plan and Water System Master Plan for the City. This plan will help guide the City and staff with water system needs and financial planning for the water enterprise.

The Plan examines the existing water system, population and community growth, and water requirements. Using the data, we were able to determine improvements needed and examine alternatives of the improvements. After studying the improvement alternatives, staff developed a Capital Improvement Plan of the selected project alternatives.

The plan itself is quite large and can be found here:

ACTION REQUESTED

No action is required tonight. The City Council is asked to participate in the presentation, review the materials and ask any questions. Staff plans to request adoption of the Comprehensive Water System Plan at the May 26th, 2020 City Council meeting.
