

Le Sueur Living

Refuse/Recycling

The snow is here to stay, which leaves less space to properly place your refuse containers. As a reminder, containers must be two (2) feet from any other object (i.e. mailbox, another bin, garage, etc.). Waste Management drivers need enough space for the claw to grab and set down any garbage or recycling bins.

Does that plastic lunch container still have yesterday's pizza in it? Don't recycle it until it's clean! One dirty product, or one with food waste still in it, can contaminate an entire bale, containing thousands of pounds of collected plastics. This can cause thousands of recyclable items to go to a landfill instead of being recycled. Clean recyclables are essential!

If you have any refuse or recycling questions, please contact Kaari at City Hall, at ksmith@cityoflesueur.com or (507) 593-8310

We appreciate all you can do to make trash day safe and successful!

Electric Utility Rebates

Lighting and appliances use a lot of energy in our households. Installing energy-efficient lighting is one of the easiest and most affordable ways to save money and reduce your energy use.

Our electric utility offers rebates to residential customers who purchase and install new, Energy Star® appliances and lighting. Funding for rebates is limited and available on a first-come, first-serve basis. Rebate forms are available on our website at: <https://www.cityoflesueur.com/176/Rebates>
