

Le Sueur Living

Street Sweeping is Underway!

We strive to remove sand and winter debris soon after the snow and ice have melted, before spring rains. We will begin on the most heavily traveled roads and hills and move on to individual neighborhoods. Sweeping will be complete in 4 – 6 weeks.

Arbor Day Friday, April 26th

The City of Le Sueur will be celebrating Arbor Day on Friday, April 26th.

We will have a tree planting demonstration outlining proper planting procedures. Local 2nd Graders will participate in the celebration as well.

We are still finalizing details, so please check our website and social media pages for additional information.

Severe Weather Awareness Week Families, Schools, and Businesses Should Participate in Tornado Drills on April 11th

Are you ready for severe weather? Each year the Homeland Security and Emergency Management department, along with federal, state, and local agencies sponsor **Severe Weather Awareness week in Minnesota**. Activities are designed to refresh, remind, and educate everyone about the seasonal threats from severe weather and how to avoid them. There is no pattern to where or when severe weather will occur.

Severe Weather Awareness Week takes place April 8th – 12th, with a statewide tornado drill on **Thursday, April 11th at 1:45pm**. The National Weather Service will issue a simulated tornado warning and outdoor warning sirens will be activated. At **6:55pm**, a second drill will take place in Le Sueur County for families to practice their weather safety plans.

For more information on how to prepare your family, schools, and businesses, visit the Minnesota Dept. of Public Safety's website: dps.mn.us.

Be Alert. Be Prepared.
