## CSAH36 Improvements Project Update

The CSAH 36 Improvements project has made great progress this summer. The contractor, S.M. Hentges & Sons is currently working on Stages 2 & 3, which are the final stages of the project (see photos, right). The project is anticipated to be completed by the end of October.

The project involved substantial underground improvements consisting of sanitary sewer, watermain, storm sewer, and underground electric. Surface improvements include new concrete curb and gutter, sidewalk, retaining walls, and bituminous pavement. Major ADA improvements were made on the block of Main Street between Ferry Street and Smith Street. An elevated walkway was installed along the east side businesses to allow for zero-height entry to these businesses while also providing a traditional sidewalk along the back of curb. Colored concrete was poured in the boulevards in the downtown area to extend the streetscape elements from the block of Main Street to the north.

Project questions may be directed to Cory Bienfang, City Engineer, at [cory.bienfang@bolton-menk.com](mailto:cory.bienfang@bolton-menk.com) or 507-995-2936. Be sure to visit the project website for additional information at <https://clients.bolton-menk.com/csah36/>.

**A special thank you to our community for the support and patience throughout construction these past three summers.**

### Calendar At-A-Glance

City Council  
Meeting  
**Monday, Oct. 10**  
City Hall  
Council Chambers  
6:30pm

City Council  
Meeting  
**Monday, Oct. 24**  
City Hall  
Council Chambers  
6:30p

General  
Election  
**Tuesday, Nov. 8**  
Le Sueur City Hall  
Council Chambers  
7:00am – 8:00pm

# TRICK OR TREAT

## ON MAIN

**OCT  
31**

Main Street  
Downtown Le Sueur

3:30PM-5:00PM
