So. Much. Snow.

Our recent snowfalls have been pretty, but with it comes a lot of extra work with shoveling, snow blowing, and plowing. Here are some reminders about clearing all that snow!

Sidewalks

Property owners are responsible for shoveling sidewalks. Please be a respectful neighbor and clear your sidewalks to keep Le Sueur a walkable community for all. We want our residents and students to get to and from their destinations safely and allow easy passage for them.

Snow Emergencies

We have declared six snow emergencies this season. Snow emergencies are put into effect so that we can properly clear snow from curb-to-curb, allowing for safe passage of traffic. As a reminder, all vehicles must be cleared from City streets during snow emergencies, or they will be ticketed and towed. **Don't miss out on our snow emergency alerts!** They are published on our website, social media pages, and with local media. You can also sign-up for alerts – delivered via text or email. For step-by-step instructions, visit our homepage at: www.cityoflesueur.com.

Fire Hydrants

It's important to keep your nearby fire hydrant clear of snow. Thank you to those who have been helping with this! House fires double in size every minute so we don't want our firefighters spending precious time clearing accumulated snow when they are dispatched.

Hang in there Le Sueur - Spring is almost here!
